# Welcome to SCNP 2019

## Dear SCNP 2019 participant,

### **WELCOME**

Welcome to the 60<sup>th</sup> annual meeting of the SCNP. We have attempted to create an anniversary programme with broad appeal.

### **WE WANT YOUR EVALUATION**

As we can always improve our efforts, we kindly ask all participants to fill in the anonymous evaluation form online during the meeting. You can also make suggestions to future meetings, as well as other general comments.

### **POSTER SESSION**

During the poster session, the scientific committee will evaluate the best posters exhibited. The best clinical and best preclinical poster will be awarded each €500 during the dinner.

### **YOUNG SCIENTISTS SYMPOSIUM**

One of the main traditions in the history of SCNP is the young scientists symposium (see page 6), held in the afternoon on Thursday, 25 April.

Six young researchers will present their work in a prestigious competition of the SCNP Young Scientist Award 2019, and €2000. Come and join these impressive lectures....

## **ABOUT SCNP**

SCNP (Scandinavian College of Neuropsychopharmacology) is the leading psychopharmacology organisation in the Nordic countries, Sweden, Norway, Denmark, Iceland and Finland.

Its mission is to promote research and education in neuropsychopharmacology. It also provides advice on all aspects of neuro-psychiatric drugs. Through these activities, SCNP seeks to advance research thus leading to improved patient care.

The SCNP journal, 'Acta Neuropsychiatrica' is becoming an essential journal and grows in importance.

SCNP welcomes membership applications from all who are dedicated to the highest quality research in neuropsychopharmacology.

### **Benefits of Membership**

- Being part of the leading Nordic organisation focused on neuropsychopharmacology.
- Your own personal subscription including on-line access to 'Acta Neuropsychiatrica', as well as a heavily discounted delegate fee for all meetings organised by SCNP.
- Access to the members-only area on the website, from where selected presentations from the annual meetings can be streamed
- Regular SCNP member letters.

The regular annual membership fee is very low, in 2019, only DKK 400. We invite you to send in your application...!

## Neuropsychiatrica 'The journal of SCNP'

Acta Neuropsychiatrica is an international journal that publishes translational high-quality research papers in neuropharmacology, neuropsychiatry and neuroscience.

The journal provides a forum for original basic and clinical research from disciplines and research areas relevant to the pathophysiology, neurobiology, and treatment of neuropsychiatric disorders.

Acta Neuropsychiatrica provides its readership with the latest perspectives from current and emerging fields of psychiatry, neurology, pharmacology, genetics and neuroimaging. Such research may derive from the full spectrum of biological and psychological fields of inquiry encompassing classical and novel techniques/strategies. Emphasis will be given to translational original research that is of wide interest and clearly advances the field.

Acta Neuropsychiatrica welcomes Full-length Original Research Articles, Short Communications, Perspectives, as well as Review Articles. Debate is encouraged in the form of Letters to the Editor. All articles published in Acta Neuropsychiatrica undergo peer review.

Acta Neuropsychiatrica is published bi-monthly by Cambridge University Press on behalf of SCNP, and freely available to all members of SCNP.

## Acknowledgements

*At the 60<sup>th</sup> Annual Meeting of the SCNP, the Board wishes to acknowledge the unrestricted grants from **Evolan AB, Janssen, Lundbeck, Takeda and Sage Therapeutics** enabling SCNP to invite speakers of highest international standards to our meeting.*

*In particular, the Board of the SCNP wish to acknowledge that **Acta Neuropsychiatrica** has made it possible for the SCNP to invite young scientists to participate in a competition for an oral presentation in the Young Scientists Symposium. The winner of the competition will receive 'The SCNP Award to Young Scientists'.*

*This initiative has developed into a most valuable tradition of the SCNP Annual meetings and has added very much to stimulating young scientists in their performance when participating in scientific meetings.*

*We would also like to acknowledge **the University of Gothenburg** for supporting our meeting with the meeting facilities.*

*Without these sponsorships, we would not have reached the high standard of the meeting.*

*On behalf of the Board of the SCNP*

*Yours sincerely*

***Gregers Wegener**, President*
